

RÖMER DUO / RÖMER DUO plus - Approved for a child weighing approximately 9 to 18 kg - **The child seat is approved for 3 different modes of installation:**

Universal Installation (with car seat belt)

Forward facing installation with 3-point automatic belt (approved to ECE R 16 or comparable standard) universal in all vehicles. Tested and approved to ECE R 44/04.

Note:

1. This is a "Universal" child restraint. It is approved to Regulation No. 44/04 series of amendments for general use in vehicles and it will fit most, but not all, car seats.
2. A correct fit is likely if the vehicle manufacturer has declared in the vehicle manual that the vehicle is capable of accepting a "Universal" child restraint for this age group.
3. This child restraint has been classified as „Universal“ under more stringent conditions than those which applied to earlier designs which do not carry this notice.
4. If in doubt, please consult either the child restraint manufacturer or the retailer.

Installation in conjunction with ISOFIX and TopTether (universal)

1. This is an ISOFIX child restraint system. It is approved in accordance with ECE R 44/04 for general use in vehicles equipped with ISOFIX anchoring systems.
2. It will fit on all vehicle seats approved as ISOFIX seats (as explained in the vehicle owner's manual), depending on the weight class of the child seat the ISOFIX size category.
3. The weight class and the ISOFIX size category provided for this child restraint system is **B1 (9 - 18 kg)**.
4. If you have purchased a RÖMER DUO plus without TopTether, you can buy it as accessory from your specialised shop.

Installation with ISOFIX (vehicle-specific)

This is an ISOFIX child restraint, approved to ECE R 44/04 (vehicle-specific category) only in vehicles listed in the following type approval list on seats which are equipped with ISOFIX anchors.

Current list of passenger cars in which the RÖMER DUO / RÖMER DUO plus - provided the passenger cars are equipped or can be retrofitted with ISOFIX anchorages - is approved:

Manufacturer	Car Type	from model	serial ISOFIX anchors	car prepared for ISOFIX anchors	optional ISOFIX anchors	ISOFIX anchors		Installation type
